Proudly in partnership with
Tamara's Professional Body Sugaring

Hello, I am so pleased you are considering taking my sugaring certification class! This is an amazing form of hair removal with so many benefits for you and your clients. This documents first page is the basic class info on how to find class dates, how the classes work and the cost. Pages 2-4 are details of the class if you are ready to register and sugar! If you are ready to book a class please read this document in its entirety. If you have any other questions or concerns please feel free to e-mail me. My information is above and below!

Who: Current students or licensed Estheticians or Cosmetologists. If you are not in the state of Ohio, it is your responsibility to know if your state allows you to perform sugaring hair removal under your scope of practice.

Where: My skincare spa at 211 Front Street, Berea, OH 44017

When: Class dates are posted on my website www.skincarebykaylamarie.com under the "PROFESSIONALS" tab.

How many students: I offer one day classes for up to 2 students and their models. This allows for greater one on one attention for each student.

Class length: Class length can vary whether it is one or two students, the amount of hair your model has and how quickly you pick up the technique. all classes start at 10 am and often end between 4 and 5 pm.

How does the class work: The class is \$495 for the day, and you will need to purchase a kit in ADDITION to that cost (below). You are required to find and bring your own female model 18 or older for the class. She needs to be available about 30 minutes after we start the class, and for the full day. She will need to have 14 days of hair growth on her legs, bikini/brazilian, underarms and full face. It is VERY important your model has hair growth on all of these areas.

Step #1: Class Registration

If you would like to register for a class the first step is to inform me that you would like to book an upcoming class date. If the class date you would like is not available, you can ask to be on my cancellation list. If your desired class date is available then email a photo of your license or school registration, fill out the contact information section and sign the bottom page of this document stating you understand the class terms of this document. Once you have submitted your request I will email you a deposit invoice to be paid online. This invoice is a \$100 non-refundable deposit, no exceptions. All classes are first come first serve. Your spot is NOT held in the class until you pay the deposit.

Step #2: Online Registration

Once you have informed me, you can register online at www.tamarasprofessionalbodysugaring.com and on a desktop at the top right there is a “registration” button. Enter all of your info and under the class info include my name, the class date and shipping address as my business address, NOT your address! (211 Front Street Berea, OH 44017) You can change this for the future, but your kit must be shipped to me for your class. After submitting your registration you will receive an e-mail confirming your account.

Step #3: Ordering Your Kit

Once your account has been confirmed you can login to order order your kit. You have two kit options which can be seen under the “class kits & startup” tab on Tamara’s website. You have the choice between the small \$98 kit which is great for practicing at home a little bit, or the large kit for \$275 which has everything you would need to start sugaring with clients in a professional space. Everything in the kits is listed on the website. If you have any questions please contact the company directly at 425-623-0442. You must order your kit no less than TWO WEEKS before your class to guarantee delivery. If you do not, you will be removed from the class schedule and will have to reschedule your class date. You are REQUIRED to purchase a kit to take the class. No exceptions. All products that are used for the class are provided.

Step #4: Online Theory

After your kit is purchased you will receive an e-mail from Stephanie King with you online theory login. Stephanie lives in the UK so please allow a couple days to receive this email. You must complete your online theory BEFORE your class.

Step #5: Your Model

You are required to find and bring your own female model for your class. She needs to be available about 30 minutes after we start the class, and for the full day. She will need to have 14 days of hair growth on her legs, bikini/brazilian, underarms and full face. It is VERY important your model has hair growth on all of these areas. Please make her aware that if there is a second student that she will be undressed in front of the other student and her model.

Step #6: Remaining Class Cost

After you have paid your deposit you will need to pay the remaining \$395 for the class directly to me when you arrive for your class. You will pay this at the start of your class and can pay by cash, check or card. Check payments can be made to "Skin Care by Kayla Marie".

Step #7: Day Of Class

All classes start at 10 am and run until 4-5 pm dependent on class size, models hair growth and student comfort level. Please arrive promptly for your class and ready to learn! An apron is recommended to protect your clothing from powder and sugar. Shorter sleeved clothing is recommended, and something that you will be comfortable in as you will be moving a lot and may get warm. You can bring your own lunch, or go out to lunch during our break. Please keep water or whatever you will need during the class with you.

Step #8: After Your Class

After your class you will need to spend a lot of time practicing on yourself and models before you will feel ready to add sugaring to your service menu, but it's so worth the practice! Follow me on social media to keep in touch and I am always an email away. This class is a functional sugaring certification class teaching the basics of sugaring. If you feel that you need more advanced training, Advanced Training Classes are also available after you complete this foundational course.
